## Selection Test

Date : Sunday, 11 Apr 2010

Time\* : 9.30 AM to 12.30 PM

Venue : Sri Bhagawan Mahaveer Jain College,  
# 91/2, Dr. A. N. Krishna Rao Road,  
V.V. Puram, Bangalore – 560 004.

**\*Reporting time:** 30 minutes before commencement of the test. Students will not be allowed into the test centre once the test commences.

**10. How are selections done and allotments made to the courses available at different venues?**

Admission will be based on

- i. your position in the merit order in the selection test.
- ii. Allotment of a seat in a batch at a particular location is dependent on a student's position in the merit list and the vacancies available in a particular batch.

**11. When will the training program commence?**

The program will commence from the week beginning 26-4-2010.

**12. Where and how can I register?**

You can register at the following locations:

**BASE, Basavanagudi**

# 27, Bull Temple Road,  
Basavanagudi,  
Bangalore – 560 004.  
Ph: 91-80-4260 4600

You could also fill in the registration form by downloading from our website ([www.base-edu.in](http://www.base-edu.in)) and mailing it to us at our Basavanagudi centre along with the requisite DD / cheque payable at Bangalore.

**13. What is the registration fee for Selection Test?**

The fee is Rs. 300 inclusive of service tax.

\* \* \*

**1. What are the programs for which the Selection Test is held?**

This test is for admission to the following classroom programs:

- IIT-JEE Achiever 2010-12 Regular program.
- IIT-JEE Achiever 2010-12 Integrated program at select Associate Institutions.

**2. What is the format of the test?**

The test of 3 hours duration will have multiple-choice-questions in three subjects: Physics, Chemistry and Mathematics.

**3. What curriculum is the test based on: CBSE, ICSE or SSLC?**

The test is not based on the curriculum of any Board. However, the questions are framed at the expected level of understanding and skills of a student who has completed 10<sup>th</sup> Std. Statistics of our earlier selection tests indicate no distinct advantage to students of any particular curriculum.

**4. What is the objective of the test?**

The test is aimed at evaluating the abilities of observation, comprehension, analysis and problem-solving.

**5. This test is held about immediately after the class X examination. Is the time enough for preparation?**

The test is aimed at evaluating the level of understanding and application of concepts, which a student is expected to have acquired by class X. There is no specific preparation necessary.

**6. What should I bring to the test?**

Bring your admission ticket, 2 sharpened HB pencils and an eraser. The answers will have to be marked in an OMR sheet using **HB Pencils** only. Space for rough work will be provided in the question paper. Use of calculator is not permitted. Mobile phones and other electronic gadgets are not allowed inside the test centre.

**7. When will I know the results of the test, and how?**

Results will be announced by 5 PM on Wednesday, 14-4-2010.

You can know the results through any of the following means:

- From our website [www.base-edu.in](http://www.base-edu.in)
- From the notice board at our office.

- We will email the results to your address on 14-4-2010, if you have provided your email address.
- An SMS will be sent if a mobile number has been provided at the time of registration.

#### 8. Where are the classes conducted?

**Note:** BASE reserves the right to add/delete centres based on response from students. Decision of BASE on this will be final and binding on students.

#### 9. What is the difference between the Regular program and the Integrated program?

Both the Regular and Integrated programs of IIT-JEE Achiever follow essentially the same teaching methodology. The same faculty will teach both the programs.

##### Regular Program

Students who opt for the Regular program have the flexibility to choose

- the institution they want to enroll for their PU/+2 studies.
- the stream of study (CBSE/ICSE/PU).

Students can choose a convenient batch and centre to attend the IIT-JEE Achiever classes.

The likely timings between which classes are planned to be conducted are:

- Three days a week in the evenings between 5:30 PM and 8:30 PM at Basavanagudi and Yelahanka (VSAT)
- three days a week in the evenings between 5PM and 8PM at Rajajinagar and Jeevanbimanagar
- Six days a week between 6:00 AM and 7:30 AM at Basavanagudi (Monday to Saturday)
- Six days a week at CMR PU College between 2:45PM and 4:15PM. (This batch is open only for students of CMR PU College and CMR NPS)

**Note:** Additional classes may be scheduled as and when necessary.

##### Integrated Program

Students who opt for the Integrated program at a particular institution will join that institution for the +2 course. The venue for IIT-JEE Achiever training for them will be their institution. This will reduce their commuting time and enable them to save more time for studies. In addition, academic cooperation between the institution and BASE will enhance synchronization of teaching between the Plus-2 and IIT-JEE Achiever syllabus, thereby facilitating students' coordinated preparation for board examination and IIT-JEE.
